Warmth of Welcome to Distinguished Visitors is Continued

**BRITISH COMMISSION DUE THIS AFTERNOON**

Citizens Committee Will Entertain With Banquet This Evening

(Associated Press Telegram)  
New York, May 11.—The third day of the visit of Marshal Joffre, M. Rene Viviani, and the other distinguished members of the French war commission saw no diminution in the warmth of the welcome extended to the visitors by the people of New York. After two days of swift rides in motor cars from reception to jubilation and back to another reception or luncheon, always through streets packed with humanity, shouting words of good will, Marshal Joffre escaped from the crowds this morning for a trip to Newburgh, N. Y., where, as the guest of the state, he will visit the headquarters of General George Washington.

From Newburgh the marshal will go to West Point, where he will review the cadets at the military academy, returning to New York this evening for the banquet, the crowning event of the city's welcome to the members of the French and British commissions tendered by the mayor's citizens committee. This affair will bring together perhaps the most distinguished assembly in the history of the city.

The British commission, headed by Arthur James Balfour, the British foreign secretary, is expected to arrive in the city at 2:30 p.m. They will land at the Battery and the same program that attended the arrival of the French commission will be followed. The British commission will be escorted to the City Hall, where the mayor will receive them.

Then will follow a reception in the governor's room in City Hall, the speeches by the mayor, Chairman Choate and Mr. Balfour, after which the visitors will be escorted, by mounted policemen to the residence of Vincent Astor. Mr. Astor will be host of the British envoys during their short visit.

Members of a third war commission, from Italy, reached this country unharmed yesterday.

The Italian mission is headed by Enrico Arlotto, minister of maritime and railway transportation. In the Italian cabinet. Besides Mr. Arlotto, the commission is composed of Gen. (Continued on Page 2, Col. 2.)

**SUBMARINE SITUATION SHOWS IMPROVEMENT**

(Associated Press Telegram)  
Paris, May 11.—Both French and British statistics on submarine sinkings during the last week show a certain improvement in the situation. Says Marcel Hutin, an unusually well informed writer on the subject. He adds:

"I understand that our means of fighting submarines is increasing daily and without details, I can say that the number of submarines put out of action in the last few days has risen in a very satisfactory manner."

**PROTEST AGAINST WAR TAX MEASURE**

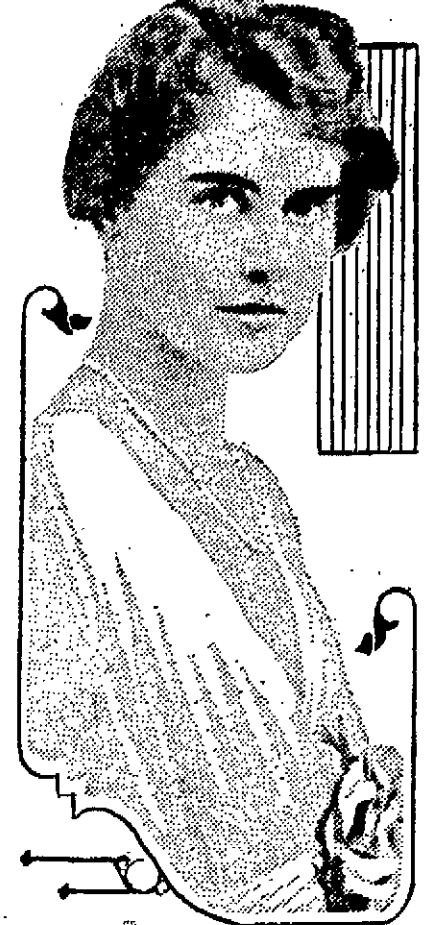

(Associated Press Telegram)  
Washington, May 11.—Public hearings on the war tax bill began today before the senate finance committee. Attorneys and other representatives of industries facing heavy taxes under the house bill protested against many features. Under a rule restricting the number and time of witnesses Chairman Simmons has planned to end the hearings next week.

**RECRUITS ARRIVING AT TRAINING CAMPS**

(Associated Press Telegram)  
Chicago, May 11.—The number of approved applications for the central training camps in the central department of the army in the hands of the post commanders today is 22,112, divided as follows: Fort Sheridan, 5,673; Fort Snelling, 5,406; Fort Riley, 4,906; Fort Benjamin Harrison, 6,131.

Recruits for the training camp at Fort Sheridan are arriving at the rate of between 300 and 400 a day.

**CHINA REFUSES TO DECLARE WAR AGAINST GERMANY**

(Associated Press Telegram)  
Peking, May 11.—After a riotous secret session lasting throughout Thursday night the house of representatives refused to pass a resolution declaring war on Germany.

**BARBARIC WEAPONS USED BY GERMANS**

British Headquarters in France, May 11, Via London.—(From a Staff Correspondent of the Associated Press.)—While there is no general battle in progress, intensely bitter fighting has flared up at various sectors on the British line from the vicinity of Lens, almost to the south of St. Quentin. Much of this is due to the desperate attempts of the Germans to retake some of their old positions.

The Germans have resorted again to the use of liquid fire in their most recent attacks but even that barbaric weapon has failed them. It has been employed several times in the tragic fighting which has raged about Bullecourt in the past ten days. This village and the sections of the Hindenburg line which adjoin it has been the real storm center of the war during this period along the British front.

The Germans appear absolutely frantic in their efforts to hold the northern half of the village of Bullecourt and to oust the Australians from their grim hold on the Hindenburg line, a short distance to the east. The fighting here has been marked by all the more terrible devices of war, for in addition to liquid fire, gas has been used time after time, boiling oil has been thrown and hand grenades, rifle grenades, trench mortars and every character and calibre of artillery has been employed.

**TWO NORWEGIAN STEAMERS SUNK**

(Associated Press Telegram)  
London, May 11.—The Norwegian steamers Tiger and Leikanger have been sunk by German submarines 100 miles off the northwest coast of Spain. According to information received here the submarines halted the steamers in Spanish waters and escorted them beyond the territorial lines where they were sunk.

The Tiger was a vessel of 3273 tons, built in 1895. The Leikanger measured 2226 tons net. Both vessels were engaged in the American trade.

**BIG OFFENSIVE OPENED ALONG ENTIRE FRONT**

Allies In Macedonia Engage In Bitter Struggle For Supremacy

**ALLIES ARE MASSING FOR BLOW AT GERMANS**

In France and Coming Drive Will Not Be Long Delayed

(Associated Press Telegram)  
New York, May 11.—Along the entire front in Macedonia, from Monastir to Lake Doiran, a distance of about 100 miles, the allies have opened a great offensive. On every section of the line General Sarraill's artillery is roaring day and night but the campaign is in its initial phase and there is little to indicate as yet where the main attempt at an advance will be made.

Bitter fighting is proceeding in the bend of the Cerna River and in the district of the Vardar, the two points on the Macedonian front where the wild barbarous country of mountains and sterile deserts is broken by fertile valleys.

Military critics are agreed that it is up one of these valleys that the allied forces must force a way but the operations have not advanced far enough to indicate which is the chosen point of attack.

In France the deadlock continues but behind the fighting line the allies are massing more and more guns for another tremendous blow such as that which broke the Hindenburg line and loosened the grip of the Germans on the Champagne. General Maurice, chief director of British military operations, announced that the coming drive will be mightier in force and extent than those which opened the battles of Arras and the Somme and the indications are that the blow will not be long delayed.

The comparative lull on the fighting front in France has once more directed attention to the political situation which appears to be rapidly reaching a crisis, or rather a series of crises. The news from Russia is increasingly gloomy in nature and it becomes more and more a question whether the provisional government can weather the storm which has been precipitated by the radical Socialists and visionaries. In any event there seems little likelihood of any effective military action on the part of Russia for a long time to come.

From Austria come renewed reports of a desire on the part of the government to break the shackles imposed upon it by Berlin. An Austrian commission is reported on its way to Switzerland, with the object of opening negotiations with France for a separate peace. The complete absence of any reliable news from the dual monarchy for many weeks, renders, however, a correct judgment of conditions there impossible.

**THIEVES ASK FOR CHANCE TO REFORM**

Petrograd, May 11 Via London, May 11.—A mass meeting of thieves was recently held at Rostoff On The Don to demand a share in the new freedom and a chance to turn over a new leaf. The chief of the local militia and the president and several members of the council of workmen and soldiers' deputies were present on invitation.

Practically all branches of the profession of thievery were represented and several of the most accomplished members made speeches in which they outlined the difficulties confronting them and declared that it was impossible to return to honest pursuits without help and support of the community. The speakers complained that recently the population had risen against them, and in some instances, went so far as to lynch some of their brothers.

Chief of Militia Raimikoff asked for help and support by the people in aiding the efforts of the thieves at reformation.

One of the bystanders complained that he had been relieved of his purse containing six rubles. The thieves roundly protested that it was not the work of a professional, and took up a collection to reimburse the victim.

**AMERICAN GIRLS DRIVE AMBULANCES ON THE FRENCH FRONT**

American girl ambulance drivers on leave on the Bois de Boulogne, Paris.

These jolly American girls are on a short furlough and are spending the time enjoying themselves in the French capital. Their work is to carry wounded from the front to Paris hospitals in motor ambulances, which they drive with great skill. Their work is full of risk, adventure and danger, but being Americans they don't mind these little things.

**VICTORY FOR ALLIES PREDICTED BY WOUNDED BROUGHT FROM THE BATTLEFIELD OF WESTERN FRONT**

(Associated Press Correspondence)  
London, April 28.—A number of wounded Canadians and Americans who participated in the battles of the past fortnight on the western front have been brought back to British hospitals for treatment. Although the use of names is still forbidden, the American correspondents have been allowed to visit some of these men who are in hospitals near London.

The number of wounded arriving in England has thus far been very much smaller than has always been anticipated when operations of this magnitude were considered and therefore the task of dealing with them has been much easier than was expected.

A great spirit of confidence in victory pervades these men fresh from the trenches. This spirit is far more marked than it was in the case of the wounded men brought back last year from the battle of the Somme. Their confidence is contagious, for it is no mere careless haphazard confidence; it is a quiet, unassailable, indubitable spirit, based on what they have seen behind the British lines as well as on what they have learned by going "over the top." It is the confidence, not of the casual observer, but of the man who really knows. These men are invariably satisfied that the allied armies possess greater striking power than the Germans, that the organization behind them is infinitely superior, and that man for man Germany can produce nothing to equal the French and British troops in morale, training, fighting efficiency and staying power.

The popular conception of the returned warrior shows him pre-occupied exclusively with the conflict from which he has just emerged—the actual fighting. Some of the wounded men from Arras are like that. But others, and these the great majority, are mentally quite remote from the matter of combat and bloodshed. Their minds are dominated by an old detached interest in some side line, some external manifestation of the fighting, such as the marvellously effective organization of the supply and medical departments, the color effect of the bombardment of the star shells, some characteristic feature of some French village, or some suddenly revealed angle of their enemy's character.

Thus one western ranchman, who is in a hospital with a shell shattered shoulder, is greatly pre-occupied with his memory of the wonderful scenic effect of the German star shells, which he calls "the Boches' distress signals."

"They sent up thousands of them," he said, "just before dawn, when they realized all too late, something of the magnitude of our attack. These screaming cries for help coming from all parts of the horizon, made you think the whole world had gone mad. It was the most wonderful fireworks show I have ever seen."

A Canadian private who was in the attack on Vimy Ridge was impressed chiefly with the perfect manner in which the attack was executed.

"The organization was perfect," he said. "The attack was so rapid, so smoothly and swiftly launched, that my own wave, the second, and (Continued on Page 12, Col. 1.)

**RUSSIA WILL REMAIN LOYAL TO THE ALLIES**

Idea of Separate Peace is Repudiated In Opening of the Duma

**ANNOUNCEMENT GREETED BY GREAT ENTHUSIASM**

President Declares Germans Devastators and Destroyers of Civilization

(Associated Press Telegram)  
Petrograd, May 11, in London.—Thursday, being the anniversary of the opening of the first duma, a session of delegates and ex-delegates was held at the Tauride Palace. The members of the provisional government and foreign diplomats were present.

Prolonged applause greeted a speech by President Rodziansko, in which he repudiated any idea of a separate peace. There was an enthusiastic demonstration later on when he proclaimed the loyalty of Russia toward her allies. The whole assembly stood and cheered the entente ambassadors.

"The war which was forced upon us, which we did not desire and for which we are in no way responsible, must be brought to a successful termination, in such a manner that the integrity of the country and the national honor of Russia shall be entirely maintained," said President Rodziansko. "The innermost sacrifices we have laid upon the altar of this war demand that the peace should correspond with the immensity of our efforts and the aim for which we are struggling, the triumph of the ideals of justice and liberty, be assured us."

"The Germans oppose to the splendid ideals their own program which is totally different—the hegemony of the world, and the enslavement of the nations. The struggle for principles so mutually contradictory cannot terminate in a draw but only by a decisive victory by one or the other of the adversaries. Only the complete defeat of German militarism will assure the happiness of the world."

"The gulf separating the Germans, the devastators and destroyers of civilization, from the allies is too deep for the war to be concluded without the realization of the ideals I have mentioned. Peace in the present conditions would be only an armistice of greater or less duration. Do not forget that the working classes of Germany, however Socialistic they be, ardently desire victory, for Germany cannot reduce her vast industry, and her defeat by the allies would be like the blow of a club for the workers of Germany who naturally support the imperialistic aspirations of their government."

"That is why I declare emphatically that the Russian people must make every sacrifice to bring this war, in concert with their allies, to (Continued on Page 2, Col. 4.)

**FEDERAL GRAND JURY NOW INVESTIGATING**

(Associated Press Telegram)  
Charleston, W. Va., May 11.—A special federal grand jury is today continuing its inquiry into the activities and purport of organization of various associations of coal operators with holdings in the bituminous fields of West Virginia, southern Ohio, eastern Kentucky, Indiana, and western Pennsylvania. Judge B. F. Keller, in instructing the jury yesterday, said its work would be to ascertain whether the operators, through their associations, had combined to restrain trade.

Among the witnesses summoned to appear before the jury are Ed. McKinnon, Columbus, O., secretary of the Southern Ohio Coal Operators' Association.

**CITY BOMBARDED BY ENGLISH PLANES**

(Associated Press Telegram)  
Amsterdam, via London, May 11.—English airplanes bombed Zebrugge early this morning. At the same time a flotilla of torpedo boats was observed from Flushing bombarding the Belgian coast.

The torpedo boat action referred to in the foregoing dispatch presumably is identical with the destroyer encounter reported yesterday by the British admiralty. The report stated that a German flotilla had been driven to shelter under the guns of the Zebrugge forts.

**KILLED IN FALL**

Cleveland, May 11.—John Jelko, workman on the Clark avenue bridge, fell 80 feet to instant death today when the floor of the bridge collapsed. Four fellow workmen hung to the steel work of the bridge for 30 minutes until rescued.

**FIREMAN KILLED**  
(Associated Press Telegram)  
Cleveland, May 11.—Lieutenant William P. Rush, 34, was almost instantly killed and five other firemen were injured today morning when a hose wagon collided with a street car while on the way to a small fire.

## VAST DIFFERENCE BETWEEN TRAINED AND EDUCATED HORSE

Jumping Jupiter, Champion High Jumper.

There is vast difference between training a horse and educating a horse. remarked Rhoda Royal of the Sells-Floto Circus which is coming here.

"When a horse is trained he goes through his routine just as an unwilling boy goes to school. He does what he has to do through fear of punishment. With a horse who has been educated it is different. He takes pride and pleasure in showing off his accomplishments. We have with the Sells-Floto circus a number of horses who have been educated and are admitted to be the most proficient high school horses ever exhibited. They have never had a whip on them and all of their schooling has been through kindness. It is a pleasure to see them perform, for they go at it so willingly and seem to know that the success of the performance depends just as much on their efforts as on any of the other acts. The Sells-Floto circus does not believe in the whip for horses and a groom might just as well leave us as to use a whip. Any horse that cannot be made to mind and do as he is told to do without being whipped is no horse for us. Why, we will not even allow any of the grooms to swear at the horses. There is no animal that appreciates good treatment more than a horse nor is there any animal that will resent cruel treatment quicker. I know that a horse can tell when the groom has been drinking and have noticed that the horse that has a groom who loves horses is never nervous. Let the groom get rattled and the horse soon will be. When something unusual is expected of the horse just let

him know what it is and he will soon help you to do it, but get rattled yourself and you will soon have your horse in the same condition. We have a stable of 300 head of horses and I will venture to say that there is not one of this number that does not know what is expected of him daily and willingly does it."

The famous Rhoda Royal troupe of high school horses, twenty-eight in number, are with the Sells-Floto circus. They include the wonderful "Marble" or statue horses whose classic poses are really remarkable. Then there is the wonderful two-stepper, Rinsido, who changes his gait, front and rear every other step; the "tango" dancing horses also bid for applause as does also Jumping Jupiter, the champion ante hurdling horse of the world.

Entered as Second Class Matter  
March 10, 1882, at the postoffice at  
Newark, Ohio, under the Act of March  
4, 1879.

The constantly increasing prices  
of food products ought to be suf-  
ficient inducement for one to plant a  
garden.

Rest assured that the one or more  
dollars given to the Newark Chapter  
of the American Red Cross will be  
put to good use.

The Fourth of July, 1917, should  
be the liveliest since 1776, and nei-  
ther fireworks nor fire-crackers are  
needed to make it so.

A year ago flour sold in Newark  
at \$5 to \$5.50 a barrel. Yesterday  
in Cleveland flour sold at \$18.50,  
the highest price ever recorded.

A poultry expert from Cincinnati  
who visited Newark yesterday pre-  
dicts dollar a dozen eggs next win-  
ter. This suggests the desirability  
of raising a few chickens this spring.

Dr. John A. Harris of New York,  
has just turned over to the Ameri-  
can Red Cross his private steam  
yacht, "Surf," for use as an am-  
bulance ship. The Red Cross has laid  
the matter before the secretary of  
the navy and the offer has been for-  
mally accepted. All of us can not  
offer yachts to the Red Cross but  
nearly all of us can give a dollar.  
Have you become a member of the  
Newark chapter of the American Red  
Cross?

**HELPING BELGIUM.**  
The United States has arranged to  
make a loan of \$75,000,000 which  
will be expended by the Belgian re-  
lief commission. The money is to be  
advanced at the rate of \$12,500,000  
a month. By making the loan the  
United States will take the burden  
of the relief of Belgium and France  
from the shoulders of Great Britain  
and France and conduct it from this  
country so far as possible and this  
action will meet the approval of the  
people of the United States.

**OHIO CROP YIELDS.**  
While the average yields per acre  
on untreated land at the Ohio Agri-  
cultural Experiment Station for the  
last 13 years have been 26 1-2  
bushels of corn, 27 bushels of oats,  
12 3-4 bushels of wheat and 3-5 of  
a ton of clover hay, where the same  
crops have been grown systematic-  
ally in a four-year rotation and treat-  
ed with manure, lime and fertilizer,  
the yields have been increased to 75  
bushels of corn, 60 bushels of oats,  
34 bushels of wheat and 3 1-5 tons  
of clover hay per acre for the same  
period. These large yields, more-  
over, have been produced at about  
two-thirds the cost of the low pro-  
duction.

In order to obtain such yields  
these State farmers plow under about  
ten tons of manure per acre for  
corn and then apply two tons of  
finely ground limestone after plow-  
ing. To each ton of manure is added  
40 pounds of acid phosphate. The  
wheat receives 200 pounds of acid  
phosphate, 100 pounds of steamed  
bonemeal, 50 pounds of muriate of  
potash and 15 pounds of nitrate of  
soda per acre in the fall, often fol-  
lowed by 50 pounds of nitrate of  
soda early in the spring. Oats and  
clover are left unfertilized.

The high yields of the four crops  
in rotation have been figured by the  
Experiment Station to cost \$613 for  
10 acres of each crop, while the  
same amount of grain and hay pro-  
duced on untreated land would cost  
\$1,095. The cost of the low produc-  
tion has been enough greater to

About Caline says:—Hadda  
Grouch has come back from a trip  
out west to see her neece which got  
married to a cow man out in Mon-  
tany. An' Hadda was in to see us  
last nite an' she  
says she don't  
think she will  
over out grow  
that trip. She  
says way out in  
the wilds some-  
thin' happened to  
the injine which  
was hitched onto  
the train an' the  
conductor he  
come an' said  
they couldn't git  
it fixed till morn-  
in'. So Hadda  
says, "Would I  
best go to a  
hotel?" An' the conductor says,  
"They hain't no hotel here." he  
says, "You will half to stay all nite  
with the station agent." "Gracious  
heavens!" says Hadda, "do you mean  
to insult me? I'm a lady I will have  
you understand!" An' the conductor  
he started to walk away an' says he,  
"So's the ticket agent a lady. You  
hain't got nothin' on her," he says.

Even the humble penny is assum-  
ing an air of importance these days,  
commensurate with the prominent  
part it plays in the purchase of a  
loaf of bread.

**AMERICA'S GIFTS TO EUROPE**  
By AUGUSTUS THOMAS

If the products of American in-  
ventions could be taken from the  
armies and navies now confronting  
each other in Europe, the comba-  
tants would stand naked, unshod,  
unfed and powerless.

The grain that feeds them was  
sown, reaped, threshed, and ground  
by American inventions. The cloth-  
ing for their vast armies was put to-  
gether by American sewing ma-  
chines. The cotton in it was sepa-  
rated by an American cotton gin.  
Their shoes are made by American  
machines.

As to the weapons, the revolver is  
an American invention, the breech-  
loading gun is an American inven-  
tion, the magazine gun is an Ameri-  
can invention. The iron-clad, the re-  
volving turret, the torpedo, are  
American inventions. The submar-  
ine is an American invention.

The electric light in camp and  
trench, the telephone that reports  
and takes orders, the telegraph that  
calls for supplies, the cable that

looks up Ally and Ally are all Ameri-  
can.

The barbed wire that defends the  
trenches, the tanks that override  
them, the airplane that reconnoiters  
and fights above them are American  
inventions. And then the wounded  
are retrieved, the chloroform that  
makes accurate surgery possible is  
an American discovery. And finally  
the ambulances that carry the  
wounded to the hospitals are motor  
cars from Detroit.

America has given great gifts to  
Europe. But she has one more gift  
her greatest yet to give. Her  
other gifts have been material gifts  
and they have been given indiscri-  
minately to the nations who are fight-  
ing for democracy and those who are  
fighting against it.

America's greatest gift to Europe  
is the blood of America's youth, shed  
for democracy.

Unless America gives MEN to  
Europe, all her other gifts are a  
mockery.

## Society

The Women's Foreign Missionary Society of the First M. E. church will meet with Mrs. J. W. Hornby, at her home, 53 North Fifth street, on Monday afternoon, May 14, at 2:30 o'clock. The members of the society are requested to bring their thank offering envelopes.

The Trinity Bible class of the Holy Trinity Lutheran church was organized on Thursday afternoon at the home of Mrs. John Saur in West Locust street. The election of officers resulted in the following to be selected:

President and teacher—Mrs. W. J. Johnson.

Assistant—Mrs. William Felty.

Vice president—Mrs. T. A. Snider.

Secretary—Miss George Haas.

Treasurer—Mrs. John Saur.

The hours were informally spent following the business session, and refreshments were served by Mrs. Saur, assisted by her daughter, Miss Helen. The guests of the class were Mrs. Piper, Mrs. Nutter and Mrs. C. C. Roof of Urbana. The next meeting will be held at the home of Mrs. W. J. Johnson, in Mahoning street, on June fourteenth.

Mrs. Margaret Manley Seidel and her piano pupils of Columbus will compliment Mr. Edwin Stainbrook on Thursday evening with a dinner at the Hartman Hotel. For the recital in connection with the dinner one hundred guests have been invited. The out of town guests will be Miss Mary Hontzle, Miss Adeline Riley, Mr. and Mrs. Chandler J. Tucker of Newark, Mrs. William Fillmore of Zanesville, Miss Marion Flagg of Springfield and Mrs. John Rock of Dayton.

Mr. and Mrs. Dwight Sanford, recently newly-weds of Granville, delightfully entertained a company of friends on Tuesday evening at their residence in Maple street. The evening was spent in a pleasing manner and light refreshments were served.

On Wednesday evening Mr. and Mrs. H. D. Blinn entertained with a six o'clock dinner at their home in the Worthington road, Alexandria. The following were guests: Mr. and Mrs. C. E. Darnell and little son Donald, Miss Mildred Jones, Miss Marie Hendrick, Mr. Forman and Mr. Harry Forsythe.

Eighteen guests were entertained at luncheon yesterday by the Misses Elizabeth and Emma Meek in compliment to Miss Louise Norpell of Newark, who will wed Lieutenant Paul Meek Thursday. Included in the party were Mrs. Lear Van Buskirk, Mrs. B. C. Warfield, Mrs. W. W. Meek, Mrs. Goyon L. Stearn, Mrs. Charles St. John Chubb, Mrs. Herbert Warwick, Mrs. Elmer Jones, Mrs. William Dittie, Mrs. Thomas H. Boeshaar, Mrs. J. W. Meek, Misses Edith Janeway, Jane Beach, Margaret G. Pulling and Miss Lucile Bradley of Duluth, Minn., who is the guest of Miss Norpell and will remain until after the wedding—State Journal.

On Monday afternoon Mrs. Clark entertained in honor of her daughter Naomi's birthday anniversary. She received many beautiful gifts. Covers were laid for the following little girls: Elizabeth English, Hazel Denis, Esther English, Wendell Blinn, Irene Carlock, Edna Penn, Louise Blamer, Odrey Penn, and Pauline Pitts.

**Dunlap—Farmer.**  
On Thursday afternoon at 5 o'clock Rev. L. C. Sparks, pastor of the First M. E. church, officiated at the marriage of Miss Halla Farmer and Mr. Walter Dunlap. They will make their home on a farm near Utica.

The True Blue class of the Hanover Presbyterian church entertained last night at the church with the first annual banquet. The function was attended by thirty-seven members and guests. A program of toasts followed the repast.

The president of the City Federation of Women's clubs requests the members of the federation to attend the lecture in the High School auditorium on Monday afternoon, given by Miss Maude Okey of the home economics department of Ohio State University. Mrs. Okey will present

## MOTHERHOOD WOMAN'S JOY

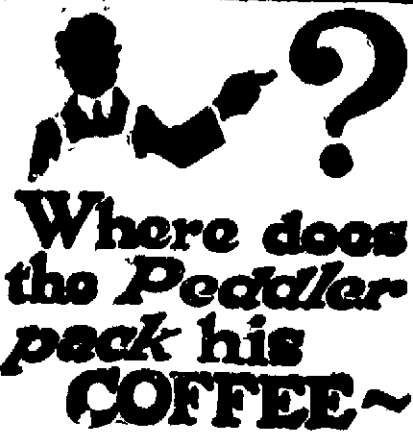

Suggestions to Childless Women.

Among the virtues of Lydia E. Pinkham's Vegetable Compound is the ability to correct sterility in the cases of many women. This fact is well established as evidenced by the following letter and hundreds of others we have published in these columns.

Poplar Bluff, Mo. "I want other women to know what a blessing Lydia E. Pinkham's Vegetable Compound has been to me. We had always wanted a baby in our home but I was in poor health and not able to do my work. My mother and husband both urged me to try Lydia E. Pinkham's Vegetable Compound. I did so, my health improved and I am now the mother of a fine baby girl and do all my own house work."—Mrs. ALLIE B. TIMMONS, 216 Almond St., Poplar Bluff, Mo.

In many other homes, because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

Write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for advice—it will be confidential and helpful.

IN a dark cellar, maybe. But Golden Sun is clean-roasted, cut and packed in air-tight cans in great, immaculate rooms. It's free from chaff, it is strong and full of fragrance and aroma. So Golden Sun makes into coffee that's rich and mellow, delicious and satisfying. Yet its price is modest—for it carries no premiums. Only grocers sell it.

plans whereby the women may participate in the work of national defense of the world war.

The members of the U. Y. B. club delightfully surprised Theodore Ruff at his home in West Main street Tuesday evening, it being his birthday anniversary. The evening was spent in singing, music and dancing. A comedy sketch entitled "When Hogan Paid His Rent," given by Mrs. Rodamor and Mr. Lannigan was greatly enjoyed by all present. The same evening Mike Ruff celebrated his birthday anniversary a few friends being present. After the opening of the many useful as well as beautiful presents a delicious lunch was served to the following: Misses Mary Harold, Bernice Harter, Thora Slanier, Bullah Murry, Lily Mae Brann, Meriam Bolander, Mary Ruff, Marguerite Lannigan, Lillian Ruff, Caroline Ruff, Messrs Harold Shannon, Billie Lyle, Albert Black, Ralph Daly, Martin Hollister, Frank Coffman, Frank Lannigan, Ralph Lannigan and Theodore Ruff. Mr. and Mrs. Harry Rodamor, Mr. and Mrs. John Lannigan, Mr. and Mrs. George Hahler, Mr. and Mrs. Mike Ruff.

Miss Mildred Rhoads entertained Wednesday evening with a miscellaneous shower honoring Mrs. Frank Ryan, formerly Miss Alice Riggs. The members of the U. Y. B. club and a few others were present. Mrs. Ryan received many beautiful gifts.

The members of the Wednesday Afternoon Bridge club were entertained on Thursday at the Mount-builders' Country club with Mrs. Malcolm Baker and Mrs. Donald Ferguson as hostesses. The guests of the club were Mrs. Robbins Hunter, Mrs. Fred Mosteller, and Mrs. Harry Chilcote of Indianapolis.

## Obituary

Dr. W. Q. Scott.  
Dr. Walter Q. Scott, former president of Ohio State University, died yesterday at Ellensburg, Wash. Dr. Scott was at one time professor of English literature at Wooster.

William A. Woolson.  
William A. Woolson, 72 years old, father of F. A. Woolson of the Advocate staff, died last night at his home in Mt. Vernon after an illness of about three weeks. His death was due to arterial sclerosis from which he has suffered for several years but which developed into a critical illness less than three weeks ago. Mr. Woolson was a merchant in Mt. Vernon for 20 years, being president and founder of the Woolson company, a department store. He was a native of Erie county, served a short term in the federal army during the latter part of the civil war and was a member of the G. A. R. He is survived by a widow and five sons. One brother, A. M. Woolson of Toledo also survives. Mrs. W. H. Davis and J. B. Woolson of this city are cousins. Arrangements have not been completed for the funeral.

Mrs. Hettie Funk.  
Word has been received in this city of the death of Mrs. Hettie Funk, aged 63, wife of J. S. Funk, at Redlands, Calif., on April 27. She suffered a stroke of apoplexy a few days previous to her death. Mrs. Funk was a daughter of the late Dr. Farquhar of Putnam. She is survived by her husband, of the home; one brother, Dr. George S. Farquhar of Thornville, and one sister, living in Alliance.

Mrs. Brown's Funeral.  
The funeral of Mrs. Frank Brown, wife of Deputy Sheriff Brown, was held at 2 o'clock this afternoon at the home of Mr. and Mrs. Hiatt in Webb street. Rev. George Bohon Schmitt officiated. Burial was made at Cedar Hill cemetery.

Mrs. Alice M. Bragg.  
Mrs. Alice M. Bragg aged 67 years, died at her home 88 Meridian street, Thursday afternoon at 2:20 o'clock. The deceased was the widow of the late John O. Bragg to which union five children were born, Harry, Maxwell, Roe, Vernice and Clara, all of the home. She also leaves two sisters, Mrs. Clem Kinney and Mrs. T. W. Tabler all of this city. Funeral Saturday afternoon at 1:30, interment in Cedar Hill cemetery. Rev. Chas. H. Stull will officiate.

M. F. Winn.  
F. P. Winn, residing in Maple avenue, received a telegram today announcing the death of his only brother, M. F. Winn which took place in Canton this morning at 6 o'clock.

The deceased has been ill for the past year suffering with cancer, and with his death M. F. P. Winn is the only surviving member of a family of twelve children. The funeral services will be held on Sunday, at Zanesville the former home of the deceased.

No Funeral Arrangements.  
No arrangements have been made yet for the funeral of H. K. Frye, who was fatally injured when struck by a train in East Newark, Tuesday evening. Word is awaited from relatives before the funeral is arranged.

## TAKES DAMAGE CASE TO FEDERAL COURT

Columbus, May 11.—The Baltimore and Ohio railroad is defendant in a \$6905 damage suit filed yesterday in federal court here by A. R. Ashbrook, an automobile salesman of Newark.

Ashbrook asserts his auto was demolished and he was severely injured when a Baltimore and Ohio locomotive struck his machine in Newark last December. He alleges a watchman was not on duty.

## WHEN YOU FEEL TIRED, NO APPETITE, HEADACHE

(By W. M. Grantier, M. D.)

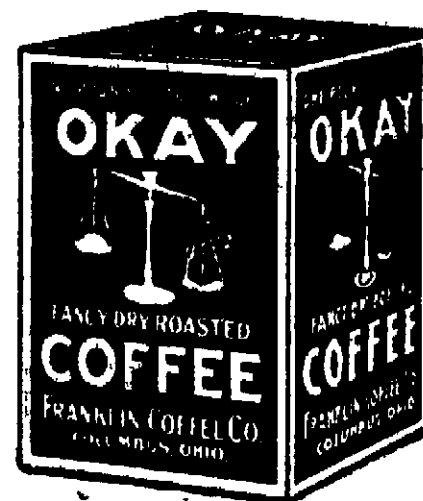

If your wife tells you that you are "grouchy" and out-of-sorts, be thankful for the suggestion, and set to work to get your liver busy for it is more than likely that its inactivity is at the bottom of your trouble. Don't blame your liver for a t doing its work! You have undoubtedly been giving it too much to do. You may have occasional headaches, feel tired, no appetite, and coated tongue, and this condition may lead up to other things. At such times you are the easiest prey for colds, grip, or the disease germs of malaria, typhoid, the deadly phthisis, or the many ills which carry off so many of our citizens.

My advice is, give up alcohol, tea and coffee. If you must drink something with your meals let it be a cup of hot water. Begin in the morning with a pint of hot water, with a half lemon squeezed in it, if possible, and drink it a half hour or less before breakfast.

Take a few minutes of bending exercise and breathing in the morning. Walk in the outdoor air. Occasionally, say, once a week, take a good laxative, one that is entirely vegetable. A good one is that made up of the extract of May-apple, vegetable calomel, and jalap, and can be had at every drug store, for it has been sold for nearly 50 years as Dr. Pierce's Pleasant Pellets.

If you are occasionally troubled with rheumatic pains or lumbago, pain in the back, toes or muscles of the body, this is due to uric acid stored in the system. The liver and kidneys do not act properly. For such a person I advise taking Anuric (double strength) three times daily for a week or two. This Anuric throws out the uric acid which accumulates, and it taken occasionally will prevent or cure rheumatism and gout. There is no difficulty in obtaining Anuric at any drug store.

### FOOD COMMISSIONER ANNOUNCES SPEAKER FOR MONDAY EVENING

Mr. T. E. Adams War Food Commissioner for Licking County received a message last night informing him that the speakers for Monday night's meeting will be, Professor Alfred Hottes of the Horticultural Department, O. S. U. who will speak on city gardening. His subject will embrace, what to plant, how to prepare the soil for different vegetables, the best methods of cultivation of garden plots.

Miss Maude Okey of the Home Economics Department O. S. U. will discuss various matters of food preservation, such as canning, drying and storing. The program of "food" this year will be most acute next winter when we are forced to use the staple vegetables. Perishable vegetables will undoubtedly be cheap in their season, but owing to the high cost of seed the winter supply is likely to be short. Miss Okey will inform us as to the best vegetables for canning etc., and the best methods to be used.

Secretary N. E. Shaw of the Agricultural Department, in announcing these speakers assured Mr. Adams that Newark would enjoy their addresses and would greatly profit by hearing them. The Federated Clubs are making special efforts to rally the women of the community to hear Miss Okey. Members of the Farm Bureau, Chamber of Commerce and the Granges in the vicinity of Newark are invited to be present in force. Admission to the High School Auditorium where the lecture will be held is free to the public and a large attendance is expected. Monday, May 14 is the time set and 7:30 p. m. is the hour.

### BUCKEYE BAND IS ENGAGED FOR ENTIRE WEEK

Rapid progress is being made in completing arrangements for the Manufacturers' and Merchants' exposition to be held in the Tabernacle building, May 28 to June 2. Leading manufacturers and merchants of the city have contracted for the space and the contract for the decorating of the building has been let to Harry W. Lewis of Atlantic City. Mr. Lewis is one of the most experienced decorators in the country. For the past ten years he has been the official decorator of the Ohio State Fair. He also has the contract for decorating the city during the state convention of the United Commercial Travelers, June 7, 8 and 9. By taking both jobs he will be able to give better service and both propositions will profit financially.

The decorating committee for the exposition are Dr. A. W. Beard, W. S. Weant, T. M. Edmiston, T. J. Evans, George Hayden, M. H. Mueller and J. F. Callender. This will be the greatest exposition of home-made products coupled with merchants displays, ever given in Newark. Three thousand tickets have been assigned to members of the Rotary Club for the opening night, May 28, which they will distribute among their employees and friends. This will insure a big attendance the first night. The Buckeye Band has been engaged for the whole week and the program committee in a few days will announce the other attractions.

### HELP WIN WAR

The Chamber of Commerce today received a placard from the Ohio Branch Council of National Defense Agriculture. The placard, in large type, says:

"THE U. S. IS AT WAR  
HELP WIN THE CONFLICT  
As a nation at war it is our object to aid our allies and defeat the enemy.

The greatest assistance we can give at this time is to send food to Europe.

Self preservation will compel us first to keep enough food at home to feed ourselves.

The surplus food is all we can send away. This extra supply is now very small.

Every additional bushel of grain or pound of meat produced will help in the war.

Nothing should be done to hinder Ohio Farmers. Everything should be done to help them.

Many farmers will need extra farm labor during the summer. These men should send in a "pink sheet" asking for help.

Others will not need extra help. They should send in a "pink sheet" so that we will know this and be able to send the extra labor where it is needed.

Send in a "pink sheet". Ask your neighbor to send in his "pink sheet". Ohio Branch Council for National Defense Agriculture, Columbus, Ohio.

### The Home Beautiful---A Little Editorial For The Lovers of "Livable" Homes

Vol. 1, No. 25. Published by Stewart Bros. & Alward Co. May 18, '17

Statistics show that the retail furniture business in the United States in 1914 was \$530,000,000, which would amount to about \$5.00 a person, which isn't big. If we assume the average family consists of five persons, which only means \$25.00 worth of new furniture went into the average American home during the year—one and one-third cents a day. Think of it! Less than a street car fare; less than ice cream soda; less than a package of gum; less than a cheap cigar; less than a postage stamp. This dinky little sum of one and one third cents a day, 40 cents a month, or \$6.00 a year per person, or \$25.00 annually for the average family, is all that is spent to make the home beautiful and livable, to make fine, uplifting surroundings for growing children. This little editorial is for serious thought. We are spending too much money for unhelpful pleasures and economizing on the things that makes our homes livable.

## BROMLEY MEETINGS

(Continued from Page 1.) falling-off of the religious spirit. "When we used to preach a man's funeral sermon we were able to say that he was a God-fearing man," said he.

The evangelist presented prayer as the greatest necessity of the United States. "In one of the greatest crises of our nation President Woodrow Wilson went on his knees for supreme guidance," he declared. "I don't fear to trust the destiny of this nation in the hands of praying men."

That nobody can get too much religion was the evangelist's opinion. "When you find a man who doesn't want more religion you can put it down that he is no good," he said. Say some people can't ask for more religion—they haven't gotten any at all.

The influence that one person exerts upon many was emphasized by the speaker, who urged that the parents set a better example in the home. Saying that there were homes in Newark that were depending upon the people who had not taken their stand for God, the evangelist stepped down and gave the invitation and the results were good.

### SPECIAL NOTICE.

All patriotic Newark citizens will be expected to be at the tabernacle on Friday night. Don't miss Patriotic Night—a great meeting.

### BROMLEY BRIEFS.

Miss Rose Fetterolf held an enthusiastic meeting yesterday at the Orphanage and the entire family listened to the address with the best of attention. On Wednesday night a number of the people from the Orphanage had attended the tabernacle services in a body.

A street meeting was held last night on the square and there was a big turnout for the affair. W. W. Shannon of the Bromley party addressed the meeting and gave the story of Naman, the leper. After the street meeting the people formed a procession and marched to the tabernacle.

This morning there was a well attended business men's prayer meeting held in the Trust Building. These meetings are gaining in popularity every week.

Prof. Harris met the young men of the town last evening at 6:45 o'clock in the First M. E. church when he delivered a purity talk to them. They came to the tabernacle in a body after the talk.

### BROMLEY TABERNACLE ANNOUNCEMENTS.

Friday.

4:00 P. M.—Teachers Bible class in the First M. E. church.

6:00 P. M.—Indoor picnic at the tabernacle.

7:30 P. M.—Preaching services at the tabernacle. The patriotic societies have been invited to attend, also the high school student body.

Saturday.

2:00 P. M.—Purity talk at the tabernacle by Miss Ditzell, to women.

2:00 P. M.—Boosters picnic at the fair grounds.

6:45 P. M.—Street meeting on the square.

7:30 P. M.—Services at the tabernacle.

### OLD FOLKS DAY.

Old Folks day was observed at the tabernacle yesterday afternoon and the service was of such a nature that it will be long remembered by the old folks of the town. A special effort was made to get those to the tabernacle who had passed the three score mark and there were many at the tabernacle who without a doubt are marked for death within a short lapse of time, the chariot wheel of time passed over their brow and gray hairs were the style of the tabernacle goers yesterday afternoon.

The tabernacle was made especially warm, rocking chairs were pressed into service and ten automobiles rushed hither and yon throughout the town bringing the old folks to the tabernacle. They came leaning on the arms of a younger generation.

C. H. Wieand, the chorus director, used good judgment in only using old time hymns and the old folks sang with quivering voices and faltering lips. Mr. Wieand had all to sing who had passed the age of 60, then, by elimination he had all sing who passed the age of 65, then 70 and so on up. There was one woman present who had reached the age of 92.

The evangelist got as close to the old folks as possible and raised his voice, but even in spite of this ear trumpets were brought into use and were displayed on every side. There were cautions for many of the old folks and after the regular service they remained to hear the Booster Chorus practice.

They were taken back to their homes in the automobiles also. Evangelist Bromley preached a strong sermon to the old folks and dwelt upon the joys of the old people. He was listened to attentively. At the close of the sermon he gave the invitation for those who are not right with God to come to the front but there were no responses from the ranks.

Dr. Bromley told them that they had a good deal to be thankful for and that the blessings of old age were many. His address struck the right chord throughout.

### SUNDAY MEETINGS.

Sunday there are four meetings scheduled thus far. In the morning there will be preaching services at the tabernacle and Dr. Bromley will preach. The people will come to the tabernacle from the Sunday schools and church members can drop their weekly offering envelopes in the collection pans at the tabernacle and they will be distributed and given to the different churches.

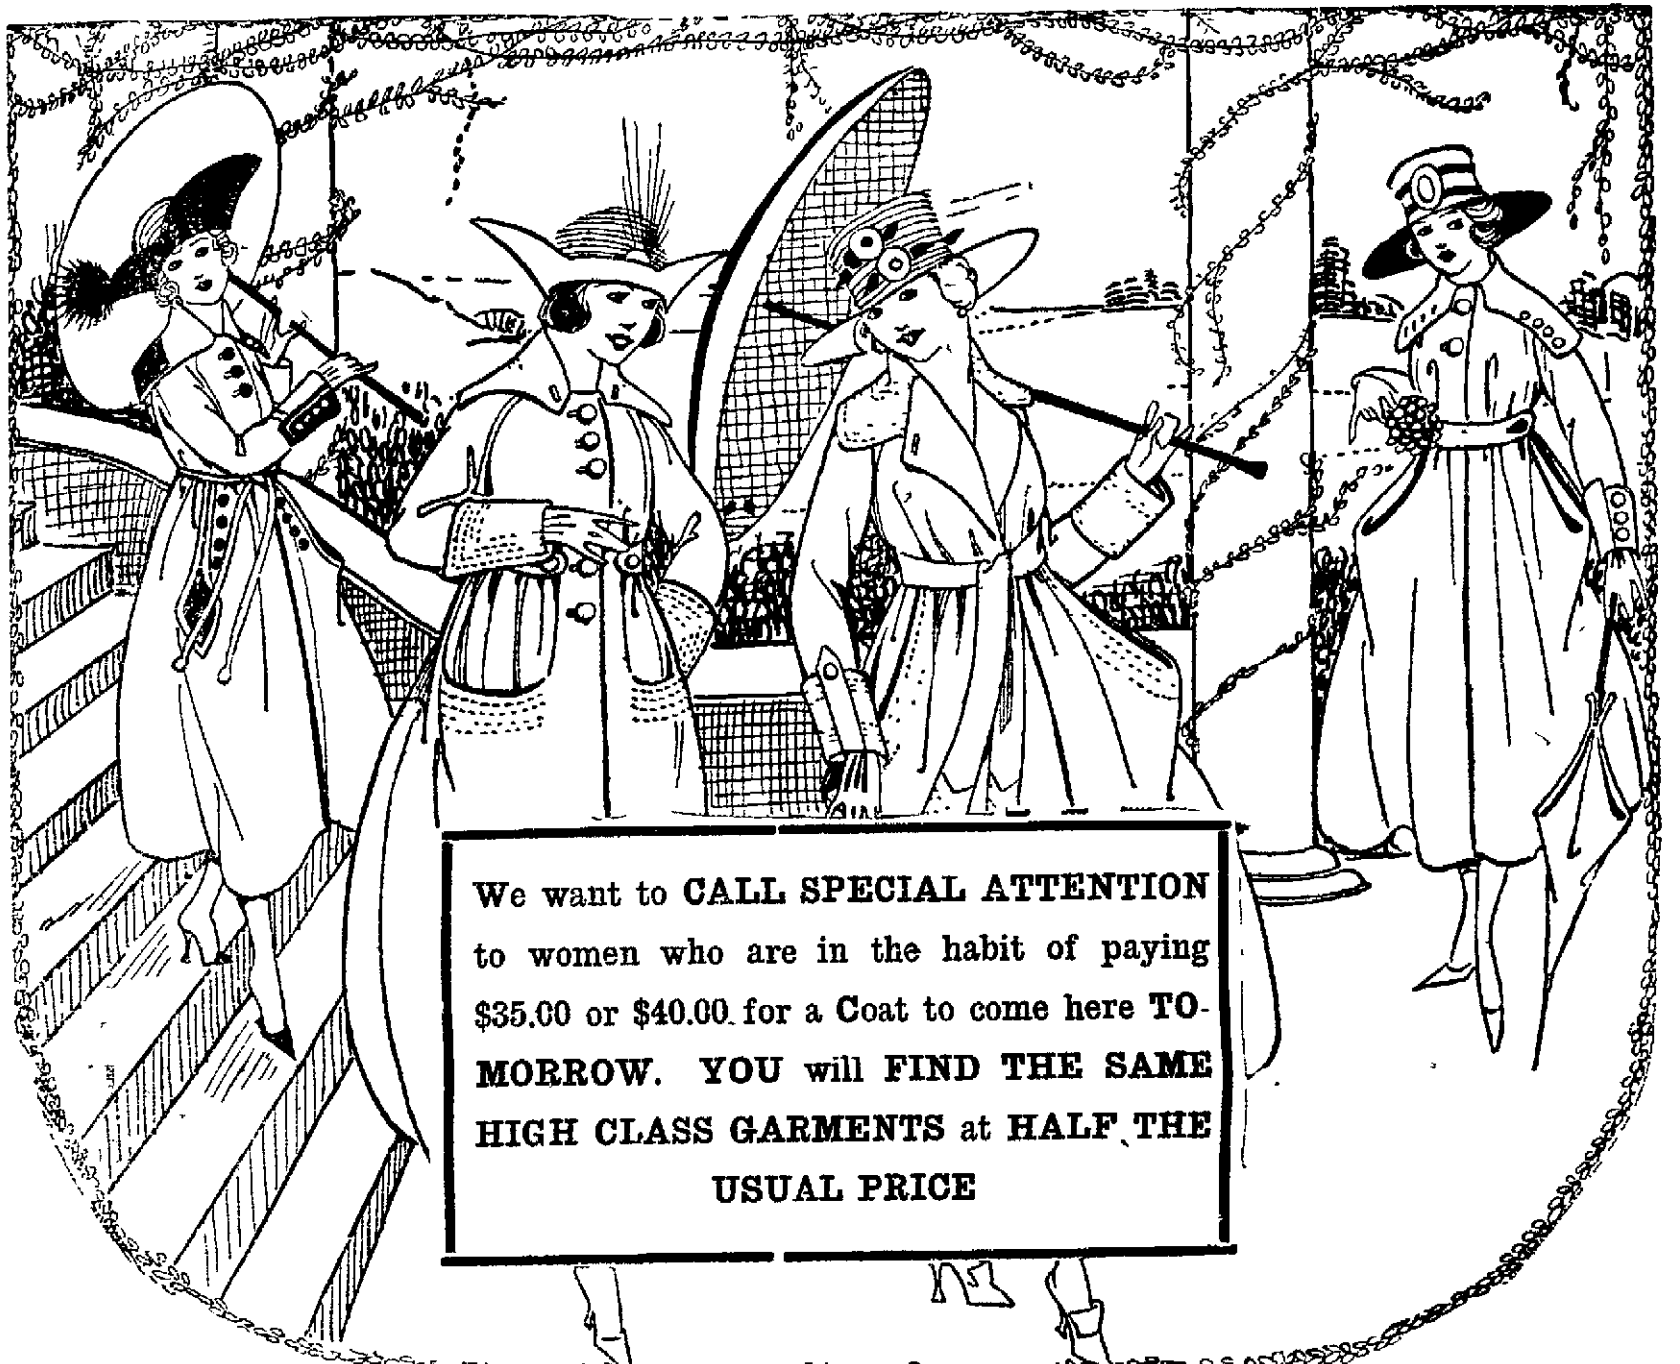

Sunday afternoon Dr. Bromley will give another of his series of lectures to men and women and there is a delegation expected from Columbus.

Sunday at 6:00 o'clock Miss Fetterolf will address the young people in the Central Church of Christ and there will be services at the tabernacle, the song service starting at 6:35 o'clock.

## ALHAMBRA.

**Tonight's Program.**  
For the combination of a thrilling "detective story" sort of plot with a love story that is romantic enough to suit the most exacting taste, the "Sleeping Fire," a Famous Players-Paramount production, starting the talented and Pauline Frederick, has no superior. The "detective" side of the story comes in through the efforts of an unscrupulous woman to marry another woman's husband, attempting in every way possible to make her divorce him. The love story part is introduced through the efforts of a young lawyer to free the wronged wife of an accusation of murder—and the combination may be seen at the Alhambra theater tonight at 8 o'clock, which is showing "Sleeping Fire." Sunday, Ann Murdock in "Where Love Is."

## AUDITORIUM.

**Last Night's Show.**  
J. A. Coburn's minstrel was the attraction at the Auditorium yesterday, giving two performances, matinee and evening. Mr. Coburn has an excellent troupe of entertainers headed by light comedian, Charlie Gano, who as usual was the star attraction of the troupe and furnished plenty of amusement throughout. The songs numbers were well selected and the solos were excellently rendered. The orchestra was quite a few pleasing vaudeville specialties and the stage as a whole gave excellent satisfaction. It will probably open the season here in the fall. The company closes tonight at Springfield after having enjoyed a splendid and profitable season.

**"The Stolen Triumph."** Metro production, with Julius Steger as star, which will be seen at the Auditorium theater today, shows a play within a play. Several scenes in the production were taken at the Century theater in New York, which is one of the most beautiful playhouses in the world. The Auditorium stage and stage door of the actual theater were used as backgrounds in the different scenes. This remarkable production deals with a poverty-stricken man of genius who brought his masterpiece to his supposed friend, a theatrical manager, who stole it and presented it as his own work. This feature today, together with the king of fun-makers, Roscoe "Fatty" Arbuckle will be seen at the Auditorium today only. Tomorrow Manager Fenberg will give 10 per cent of the proceeds to the Red Cross.

**"The Dereflect."**  
Teddy Brant was a jolly good fellow and the subject of much gossip. Rose Hare becomes interested in him and asks Victor to bring him to a social affair at her parents' home. Victor resents Rose's interests as he thinks Teddy unworthy of her, but he agrees. When he meets Teddy, Victor finds him interested. Nevertheless he takes him to Rose's home. In the hall a friend tries to dissuade Victor from bringing Teddy, in that condition. Victor insists, saying that Rose will not want to see Brant again.

Rose overhears the conversation and makes much of it. They go to the veranda, where he embraces her and proposes. Although she rejects him, gossip started by a couple of girls who saw the wooing compels her to accept. This wonderful Fox photoplay will be seen at the Auditorium Saturday only, together with Fatty Arbuckle in his new comedy under the direction of the Paramount Co., "The Butcher Boy." This is a laugh getter and one all should see. Manager Fenberg again gives up to a most worthy cause by giving 10 per cent of the proceeds Saturday's business to the Red Cross. Be patriotic and turn out. Remember this is tomorrow.

**Sunday Program.**  
Manager Fenberg always alive to give his friends and patrons the best that there is in the entertainment line, has arranged a program for Sunday that will beat anything so far seen at his house. The big five part Metro photoplay "Big Tremaine," with those two stars of filmdom, Harold Lockwood and May Allison will be seen, together with a Metro cast of actors and actresses that are sure to please the most exacting of picture fans. Charlie Chaplin in the two reel comedy "The Rink," is to be an added feature, but the big feature de luxe will be the appearance of Newark's masked beauty, said to be one of the 400, who will sing several latest soprano solos. Special music has also been arranged by Prof. Richter and his celebrated Auditorium orchestra. The price for this program will not advance, although the cost to the manager is much higher than heretofore.

## ROCK ISLAND CORN PLANTER

Edge-drop and flat-drop plates. No trouble to change plates—no delay, no tinkering. Two, three or four kernels in each hill, to suit different kinds of soil in the field. Change made instantly while in motion. You can't have an accurate planter without a positive clutch. Rock Island No. 1 has the most positive ever made. It can't fail to engage at the right time and give a full hill—can't fail to disengage at the right time and stop drilling corn into the valve. Lots of strong points—not a single weak one. Don't do a thing about either buying or using a planter this season without getting full and complete information about the Rock Island Corn-Planter. Price, \$47.50. Write to us today.

## AMBITION PILLS FOR NERVOUS PEOPLE

The great nerve tonic—the famous Wendell's Ambition Pills—that will put vigor, vim and vitality into nervous tired out, all in, despondent people in a few days. Anyone can buy a box for only 50 cents, and T. J. Evans, druggist, is authorized by the maker to refund the purchase price if anyone is dissatisfied with the first box purchased.

Thousands praise them for general debility, nervous prostration, mental depression and unstrung nerves caused by over-indulgence in alcohol, tobacco, or overwork of any kind.

For any affliction of the nervous system Wendell's Ambition Pills are unsurpassed, whether hysteria, trembling, and neuralgia, they are simply splendid. Fifty cents at T. J. Evans and dealers everywhere. Mail orders filled, charges prepaid by Wendell Pharmaceutical Co., Inc., Syracuse, N. Y.—Adv.

agement is much higher than heretofore.

**"The French Frickee."**  
The welcome announcement is made of the return engagement of "The French Frickee" with Harry "Hello Jake" Fields and Lena Daley to the Auditorium.

## FRECKLES

Don't Hide Them With a Veil! Remove Them With the Othine Prescription

This prescription for the removal of freckles was written by a prominent physician and is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold by any druggist under guarantee to refund the money if it fails. Don't hide your freckles under a veil, get an ounce of othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength othine. It is this that is sold on the money-back guarantee. Advertisement

lum next Monday is good news to all. This merry little couple needs no introduction to theater goers of this city; their pre-eminence in the burlesque and musical comedy field is so staunch that their personality will linger long as the effervescent exponents of mirth and this season more than ever for in "The French Frickee" they have a vehicle that can justly be acclaimed the fastest show on earth. The gowns worn in "The French Frickee" are gorgeous in their magnificent array, the color effect rivaling the rainbow, the dawning of a modern modiste. The scenic, property and electric effects are more elaborate and pretentious than any other in the burlesque world. Prominent in what is known as the speediest cast in burlesque, are Walter "Pinetop" Parker, Mae McLean, John O. Grant, Charles Gluck, Ethel McDonald and Harry Morrissey. Seats now selling for both matinee and evening performances.

## VANATTA.

Mr. and Mrs. Ira Weiss and daughters, Muriel and Maile, of Akron are spending the week with their parents, Mr. and Mrs. Jacob Weiss.

Mrs. Frank Price was hostess on last Thursday afternoon to the Woman's Home and Foreign Missionary

society of the Vanatta Lutheran church. A good program was rendered, and delicious refreshments were served the members and several guests.

Wyoming Valley Grange, No. 1069 held its regular meeting at the hall on Wednesday evening, May 2, with a good attendance. Several visiting

Grangers were present to witness the conferring of the third and fourth degrees. Bro. Hartman's degree team put on the work in their usual excellent manner. A short literary program, followed by light refreshments and a social hour completed the evening. The next meeting of the Grange will be on May 18.

Mrs. Susan Nethers is visiting at the home of her son, Stanley Nethers.

Mrs. Ora Weiss and son, Charles, and Misses Maud and Muriel Weiss spent Monday afternoon in Newark.

Miss Helen Hartman spent Sunday in Purity, the guest of Misses Indus and Edith Odaker.

John Blime, who has been quite ill, is much improved.

Miss Sarah Walker spent Monday and Tuesday in Newark, where she attended the Lucas-Coulter nuptials at the First Methodist church on Tuesday morning.

Quite a number from here attended the Grange service at the tabernacle in Newark Tuesday night.

## SEND TELEGRAMS OF CONDOLENCE TO THE FORAKER HOME

(ASSOCIATED PRESS TELEGRAM)

Cincinnati, Ohio, May 11.—Hundreds of messages of condolence continued to be received at the home of the late Senator Joseph Benson Foraker today. Among those who sent messages were: Former Governors James E. Campbell and Frank B. Willis; Governor James M. Cox, Speaker Champ Clark, Former Speaker J. G. Cannon, Mayor Puchta, Congressman Nicholas Longworth, United States Senators Atlee Pomerene and Warren G. Harding, Charles L. Kurtz, Former Vice President Charles W. Fairbanks, R. W. Archer, Malcolm Jennings, G. W. C. Perry, C. B. McCoy, R. F. Wolfe, Chief Justice Hugh L. Nichols, C. E. Alden, Nicholas Murray Butler, D. K. Watson, Eli M. West, W. Massey Massey, W. S. Scarborough, John B. Dashi, Charles E. Hard, Benjamin F. James, C. J. Mattern, C. H. Gerrish, Claude E. Meeker, W. J. White, C. Q. Hildebrand, Jennie T. Hobart, H. Melville Hanna, Charles E. Groce and W. D. Brickell.

The funeral will be held from the Foraker home tomorrow at 2:30 p. m.

WILL ATTEND FUNERAL.  
Columbus, Ohio, May 11.—Governor Cox, accompanied by ex-Governor Campbell, Adjutant General Wood of Columbus, and Colonel Joseph Hall of Cincinnati, the last named two representing the military arm of the state government, will attend the Foraker funeral at Cincinnati Saturday afternoon.

## RED CROSS ADDS MANY NEW NAMES

Twenty-five women assembled in the work room of the Red Cross in West Main street on Thursday where they were busily engaged during the day making hospital supplies. It is the hope of those in charge that the number of women will increase each week, as there is a vast amount of work which could be done.

The canvass in the business district yesterday for new members added 112 to the list, making a present total of enrolled at the headquarters of 1969. The local chapter of the organization will gladly accept donations in money, and it is estimated that between \$50 and \$60 was secured through the military ball given by the Knights of Pythias this week.

## FREIGHT RATE DEBATE.

Washington, May 11.—The Interstate Commerce commission's hearing of the railroads on their application for a general 75 per cent advance in freight rates is nearing its close today with spokesmen for western lines testifying that their need for additional revenue to meet increased costs of operation was of the most urgent character.

## DEATH OF WM. P. EVANS

Wm. P. Evans, aged 71 years, died at his home, 47 East street early this morning. He is survived by a widow and one son, Fay, of Columbus. The funeral will take place Sunday morning at 10:00 o'clock from the home.

## WONDERFUL SKIN AND WRINKLE REMOVERS

The method of removing had complexion by absorption seems to have come into general use in the country. Ordinary mercurized wax, applied nightly like cold cream and washed off with warm water, gradually absorbs the coarse, faded or discolored outer film skin in almost invisible particles. Soon there's a brand new complexion formed by the younger, healthier under-skin. No cosmetic or artificial treatment can possibly produce a complexion of such radiant, youthful loveliness. Drug stores all have mercurized wax. It is seldom that more than one ounce is necessary.

Thousands have also reported great success with the famous saxonite wrinkle-removing formula. One ounce of pure powdered saxonite is dissolved in a 12-1/2 pint which label and the solution used as a face wash. The effect is almost magical. The deepest wrinkles and crow's feet as well as the finest lines—whether due to age, illness, weather or worry—are immediately affected. No one need hesitate to try this simple lotion, as it won't harm any skin.

# When Will the Stars and Stripes Be Unfurled In France?

When it comes to the question of an immediate expeditionary force to France, there seems to be a division of public opinion. Opponents of the idea argue that our trained soldiers are at present more needed here to train the new armies we are raising, and that for the moment our ships can accomplish more by taking food to our Allies. But the other view finds eloquent advocates among our press, and Washington dispatches seem to indicate that the administration has been converted to it by the arguments of the French Commission. Marshal Joffre addressing the American people through the correspondents urges us "to let the American soldier come now."

In THE LITERARY DIGEST for May 12th, you will find all phases of the Government's war activity at Washington covered in an intelligible comprehensive way. The full force of public opinion as indicated by the newspaper press is presented in all its shades.

## "The Digest"—the Busy Man's Bible, the Doubting Man's Dictionary

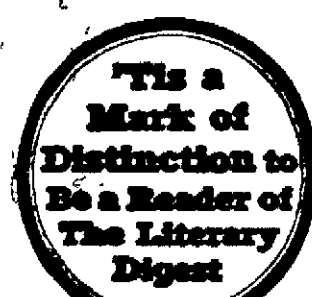

Those of us who are busy, and which of us is not in these superstitious times, frequently sigh over the arid wilderness of irrelevant information through which we have to struggle in our daily papers in order to obtain those diamonds in a dust-heap, the items of vital news for which we are seeking. THE LITERARY DIGEST not only sifts the news, but derives its

resume of the news not merely from a single paper, which would be to retain the latter's viewpoint, but from a weekly gleaning of all the worth-while publications of the world, recording the result without comment or partiality, adhering to no view-point but reporting all. The facts of the day, focused from all points, are yours in "The Digest."

## REAL GODSEND TO 14-YEAR-OLD GIRL WAS NERV-WORTH

Grateful and Happy Mother Proves the Truth of a Standing Nerv-Worth Claim.

That claim is this, that no medicine in the world does more for weak, nervous, excitable children than does this superlative family tonic. Note how Mrs. Harriet Trout stated the case some time ago:  
Nerv-Worth Co.—My daughter, Wilda, aged 14, was in a very nervous state. This interfered with her studies at the Philo High school and gave her nervous prostration. She was dizzy, had very severe headaches, digestion much impaired and she trembled violently at times. Was weak and run-down and out of spirits. I saw the ads in The Times Recorder telling how Nerv-Worth had helped weak, nervous children and decided to try it for my suffering daughter. In a few days after beginning on Nerv-Worth Wilda began to improve. Dizziness disappeared, headaches stopped, digestion quickly improved, trembling passed away and she quickly grew stronger. She has now taken less than a bottle of Nerv-Worth and is very much better. Looks stronger, feels stronger, her studies come easier and she is greatly improved in every way. Nerv-Worth I believe, will make Wilda an entirely well girl and she will keep on taking it for that purpose.  
HARRIET TROUT.  
Mrs. Trout is well known throughout Muskingum county. She lives near Gaysport.  
T. J. Evans sells Nerv-Worth in Newark and hands your dollar back if the tonic fails to help YOU.  
The Utica Drug Store sells Nerv-Worth at Utica; Hebron Drug Store at Hebron; W. P. Ullman at Granville; C. S. Howard at Johnstown.

## PRESIDENT MAKES AN APPEAL FOR RED CROSS SUPPORT

President Wilson has created a "War Council of the Red Cross" to direct relief work during the war and made a public appeal for Red Cross contributions from "all those who can contribute either great sums or small to the alleviation of the suffering and distress which must inevitably arise out of this fight for humanity and democracy."  
The head of the war council is Henry P. Davison of J. P. Morgan & Co., who said in accepting the post that all the vast facilities of the Morgan firm would stand behind the Red Cross for the duration of the war. Former President Taft, chairman of the Red Cross central committee, will serve with the council. The membership of the Newark chapter of the Red Cross is growing daily. The shopmen are responding nobly but those in the business section are not coming to the front in as large numbers as was expected. The fee is \$1. No service required. Send your name and your dollar to No. 16 Arcade now.  
In announcing the creation of the new relief body President Wilson issued this statement:  
"I have today created within the Red Cross a war council to which will be entrusted the duty of responding to the extraordinary demands which the present war will make upon the service of the Red Cross both in the field and in civilian relief."  
The best way in which to impart the greatest efficiency and energy to the relief work which this war will entail will be to concentrate it in the hands of a single experienced organization, which has been recognized by law and by international convention as the public instrumentality for such purposes.  
Indeed, such a concentration of administrative action in this matter seems to me absolutely necessary, and I hereby earnestly call upon all those who can contribute either great sums or small to the alleviation of the suffering and distress which must inevitably arise out of this fight for humanity and democracy to contribute to the Red Cross. It will be one of the first and most necessary tasks of the new council of the Red Cross to raise great sums of money for the support of the work to be done and done upon a great scale.  
"I hope that the response to their efforts will be a demonstration of the generosity of America, and the power of genuine practical sympathy among our people that will command the admiration of the whole world."

LOUD IN PRAISE OF PHOSPHATED IRON  
She says everyone who is troubled with nervousness and all played out, should try PHOSPHATED IRON, it will quickly assist in giving renewed vitality, and nervous force, gives you the strength to do things, makes you feel like new, puts the "get up and get there" feeling in you, by feeding the blood and nerves just the amount of Iron and Phosphates that all run down and overworked systems need.  
PHOSPHATED IRON is a blood and nerve remedy which acts on the principle of getting at the source of the trouble, both the Iron and the Phosphates are in a form that the system absorbs readily, you can distinctly feel the benefit you are receiving, and say it is some relief, it sure is some blood and nerve tonic, everyone that tries it is a "booster" and no wonder after the good it does them. Every one who is run down, nervous, tired and has that "all in" feeling should try Phosphated Iron, and you will never be without it again.  
Special Notice. To insure your receiving the genuine Phosphated Iron we have put up in Capsules Only. Do not allow dealers to substitute Tablets or Pills. Evans' Drug Store, Newark, Ohio, and leading druggists everywhere.—Advertisement.

## "Put Your Dollar to Work"

Money That is Not Used to Produce More Money, More Wealth is Nothing More Than Cold Metal.

THE DOLLAR THAT IS A SLACKER IS A DOLLAR THAT IS WORTHLESS. MONEY THAT LIES IDLE, THAT HAS NO USE in investment, in the purchase of the necessities of life—and more—is money that is useless. Every dollar you spend does these things: It brings you a return in foodstuffs, in apparel, in furnishings for your home, or in some other concrete form. It helps to keep an endless chain of people in employment, as each does his or her part to produce an article to replace the one you have bought and are using. The thousands of people employed in the thousands of factories are not dependent on their employers; they are dependent on the people who wear or use, in some other way, the products they manufacture. The farmer, mechanic, banker, merchant—every man, woman and child are in turn dependent upon those who finally utilize the product of their labors. It is a mammoth circle which permits a nation to hold its head high, to meet every test. And this circle will remain unbroken, if we each and everyone attend to our daily task—if we use our dollar to produce more dollars—if, as well as our minds, our bodies and our wills, our dollars are put to work. And with your dollar at work, economy will rest in buying wisely, in making full use of what you buy, without waste. And to make the work of your dollar most effective, you should seek the store that offers merchandise of known quality at moderate prices. Just such a store is this; more so now than ever before, as many special sale events are in progress.

## WRINKLES

Wrinkles disfigure, and a dry, sagging rough skin spoils any woman's good looks. To those whose skin has reached this condition we suggest the application of Usit, a pure nut-oil, liquid preparation (not a cream or paste). It is the only thing that will feed the hungry, dry skin back to youthful smoothness, freshness, and plumpness, and drive away disfiguring wrinkles that come so quickly when the skin is not properly nourished.  
A few applications of Usit prove its worth, and in a reasonable time brings wonderful results. It is necessary to apply it only at night when retiring. T. J. Evans, Erman's Original Cut Rate Drug Store, or any first-class dealer can supply it. It is a splendid skin food, daintily perfumed, and a fine treatment also for freckles, black-heads and many forms of eczema.—Advertisement.

## VICTORY FOR ALLIES

(Continued From Page 1)

the two lines behind us, were actually on the ridge, that famous blood-stained vantage ground, before the enemy barrage opened. From that point on, the German shells fell behind us only, and their gunners showed extraordinary wild and erratic gunnery.  
"Only for a few minutes at the start of the plunge were their machine guns really effective. We were all over them in the twinkling of an eye and every one of the men that manned those 'Emma Gees' were either dead or doing well—that is, a prisoner.  
"We went over the parapet at 5:30 a. m. like steeple chasers and were up the ridge before we knew we had started. The Germans did not show much fight where I was. The first one I planned was so astonished that he hardly got his bayonet up. As for the second one—I've seen month-old recruits put up a better show at high parry and low. Our men gave plenty of evidence that they know the right way to use a bayonet.

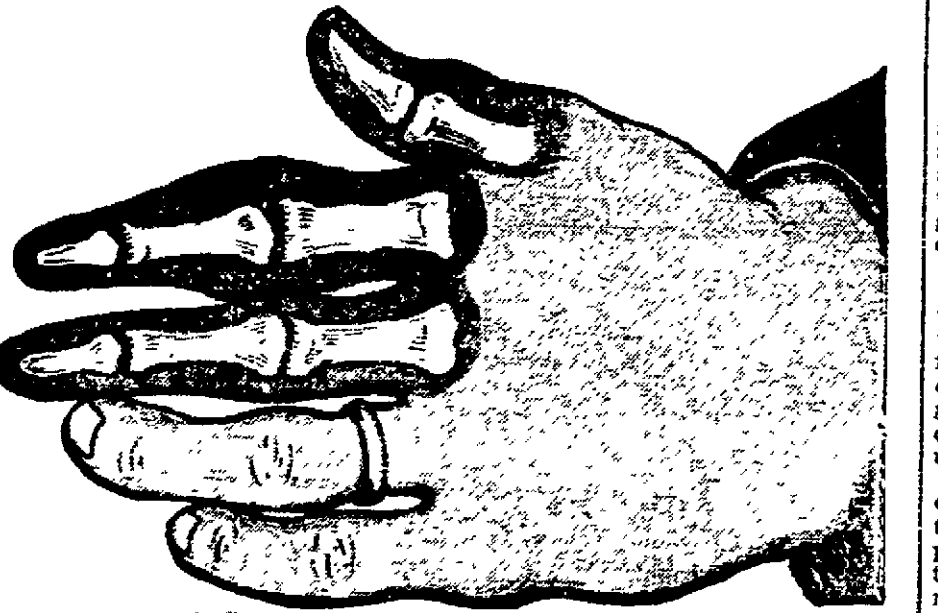

"Of course, a large part of the credit for the dazed condition of the Germans is due to our artillery. Their trenches were just a mass of craters. We walked right through to our company object, which was their third line, and we cleaned it right up—not a German left standing. We ought to have stopped right there, and it was bad soldiering not to do so. But we could see Germans scuttling away from the far slope, and orders or no orders—our men simply broke away and hit it up for those retreating enemies for all they were worth. I was hit during this pursuit, and crawled back up the slope to a dressing station."  
A Canadian sergeant who was a real estate man in an American Great Lake City before the war, expressed keen admiration for the technical side of the British performance.

"It is a great push," he said, "and the reason of it in my opinion, is that nothing was left to chance. It was an assured success before it began. My battalion had done the whole thing over and over again behind the lines. I've been studying organization in business ever since I was a boy, but I never dreamed of a more perfect organization than has been going on behind our lines since last autumn. People talk of German organization. I don't believe the German army people can touch what is now opposing them. If they could, they would have smashed the allies to atoms in 1914 and 1915, when they had a ton of metal to every hundred weight against them, and more. Today, the odds in brains, material, and organization, are all heavily against them.  
"We knew exactly where we were when we got to their trenches, and the whole operation ran on wheels."

## SAYS ENLARGED RHEUMATIC JOINTS DISAPPEAR UNDER TREATMENT

Advices Joints Be Kept Warm—Protect Hands From Cold Winds and Cold Water

The question has often been asked whether the mis-shapen finger joints due to rheumatism would return to normal, said W. A. Varney, the discoverer of Var-ne-sis.

ONE FORM OF RHEUMATISM VAR-NE-SIS TAKES CARE OF

I am going to answer this question by producing evidence that proves conclusively that they do. I want to suggest that it is important to keep the joints warm and protect the hands from cold winds and water.  
Take the case of Mr. Holden, 2 James street, Lynn, Mass., whose fingers were bent and deformed—to see him today you could not believe he ever had rheumatism. Again, Mrs. Breed of 110 President street, Lynn, Mass., fingers were actually useless, they were so stiff and deformed—their well today, fingers perfect. Mrs. McMaisters of 212 Humphrey street, Lowell, Mass., a woman who regained the use of her fingers as well as other joints through Var-ne-sis. Mrs. Coyle of 27 Pleasant street, Marlboro, Mass., fingers were almost rigid—they have come up to normal. Mr. Nelson of 1112 Lorchester avenue, Boston, Mass., fingers were deformed to a marked degree—they never before he had rheumatism. Nurse McDonald of East Weymouth Mass., fingers were crooked and deformed—they are now normal and so are eyes and the credit to Var-ne-sis.  
Hundreds have told me that Var-ne-sis has been the means of their crooked and deformed joints returning to normal. In this form of rheumatism not only are the hands misshapen, but other joints gradually become involved.  
The disease may remain quiet for awhile, but there will be acute symptoms from time to time—enough in the early cases to remind you that the disease is creeping to other joints. If neglected, the fingers become so stiff that it will be impossible to open or close the hand, the knees draw up in the extreme cases and the patient is often helpless.  
Physicians will tell you that they can do nothing for this disease, and it is the same form of rheumatism that Var-ne-sis has been so successful in.  
No other preparation produces such evidence. Why? A description of the above cases will be sent by addressing W. A. Varney, Lynn, Mass. Tear this out and mail.  
"Var-ne-sis is a simple vegetable preparation and does not contain the ordinary drugs so often given for rheumatism."  
Get Var-ne-sis Now—today—at R. W. Smith, druggist, and any reliable druggist.—Advt.
